

### FOREWORD

You will see that these are my original arrangements for the Soft Machine, but in preparing them for publication I have made certain adjustments so as to make them more widely available.

THE ORGAN PARTS ARE NOW COMPLETE IN THEMSELVES AND MAY BE PLAYED ON ANY KEYBOARD INSTRUMENT.

The E $\flat$  Alto Saxophone parts are cued where necessary in B $\flat$  pitch, either on the E $\flat$  Alto Sax. stave or on the B $\flat$  Soprano Sax. stave. This makes the part available for Trumpet, Tenor or Clarinet. Of course, the B $\flat$  Bass Clarinet parts may be played as they are on Tenor Saxophone.

PROVISION HAS ALSO BEEN MADE FOR LEAD GUITAR.

Alf Hope.
